

Worksite Breastfeeding Support

It's *SMART* for business!

**It's not just the right thing to do ...
It's *Smart* for Business!**

Oklahoma's Breastfeeding Friendly Worksite Initiative

Nancy Bacon, MS, RDN/LD, CDCES, Maternal & Child Health Consultant

Adrianna Halstead, RDN/LD, IBCLC, WIC Breastfeeding Educ. Coordinator

Oklahoma State Department of Health

Objectives

- Describe how employers benefit from supporting nursing employees when they return to work.
- Discuss importance of continued breastfeeding for mothers and babies.
- Share methods to provide support and accommodations for breastfeeding employees.
- Discuss Breastfeeding Laws – National & Oklahoma.
- Share Requirements for Recognition as an OK Breastfeeding Friendly Worksite
 - 4 Minimum Requirements (Basic Recognition)
 - 3 Additional Requirements (Gold Star Recognition)
- Provide resources.

Women in the US Workforce

- 61% of employed women with children <3 years old work full-time
- 1/4 of mothers return to work in < 2 weeks of delivering a baby
- Over 1/2 return to work within 4 months of delivery
- In Oklahoma ~ 1/5 who choose not to breastfeed cite returning to work or school as the reason

When Employers Support Breastfeeding \$\$\$ are saved:

- Less staff turnover
- Lower absenteeism
- A healthier workforce
- Fewer health insurance claims
- Less expensive health insurance claims

When Employers Support Breastfeeding Employers benefit:

- Enhanced productivity
- Employee satisfaction, loyalty & morale
- An enticing recruitment incentive
- Reputation for concern with the welfare of employees and their families

Breastfeeding Benefits: Moms & Babies

For Moms – Less Risk:

- Breast cancer
- Ovarian & endometrial cancer
- Type 2 diabetes
- High Blood Pressure
- Cardiovascular disease
- Postpartum depression
- Anemia & short birth intervals
- Postpartum weight retention

AAP 2012, Stuebe 2009, Dieterich 2013, Chen 2015

For Babies & Children – Less Risk:

- Asthma
- Obesity
- Diabetes (Type 1 and 2)
- Ear, skin, stomach, & respiratory infections
- Sudden infant death syndrome (SIDS)

AAP 2012, Dieterich et al 2017

Breastfeeding Benefits: Important for Preterm Babies

Preterm Babies Not Fed Human Milk have:

- ↑ Necrotizing Enterocolitis
- ↑ Suboptimal Brain Development
- ↑ Sepsis
- ↑ Retinopathy of Prematurity (what Stevie Wonder has)
- ↑ Bronchopulmonary Dysplasia
- ↑ SIDS
- ↑ Length of Stay in NICU
- ↑ Hospital Readmission

AAP 2012, Dieterich et al 2017

Big Returns on Your Investment

\$3.00 return for every \$1.00 spent on breastfeeding support!

- Best for Business
- Best for Moms
- Best for Babies

Breastfeeding, It's Worth It!

Setting up a Lactation Room

4 P's of a Pumping Room

- Privacy
- Place to sit
- Power
- Policy

No dedicated space for pumping?

Other options:

- Spare/borrowed office
- Cubicle with a shower curtain rod & curtain
- Supply room
- Dressing room
- Manager's office
- Privacy screen to partition off a corner of a larger room

Workplace Support

- Mothers depend upon manager's and co-workers' support & flexibility to accommodate breaks for pumping (typically 2 to 3 15-minute breaks initially).
- **Regular pumping sessions are necessary** for moms to keep producing breast milk. **Skipping or postponing pumping can reduce a moms' milk supply.**
- A written breastfeeding policy will support and standardize implementation, minimizing confusion and debate. *See Resources slide for sample policies.*

[Break time & private space | Office on Women's Health \(womenshealth.gov\)](https://www.womenshealth.gov/breastfeeding/workplace-support)

It's the Law!

2010 Affordable Care Act (ACA) - Breastfeeding Break Times Requirement for hourly employees

- Reasonable breaks with enough time for expressing milk or nursing - as frequently as needed - up to child's 1st birthday
- A private place, not a restroom, shielded from view & intrusion

See the Dept. of Labor website (**rev. April 2018**):

Fact Sheet # 73: Break Time for Nursing Mothers under the FLSA

<https://www.dol.gov/whd/regs/compliance/whdfs73.htm>

Nursing Mothers Workplace Protections Flyer [English](#) [Spanish](#) (PDFs)

Oklahoma & National Breastfeeding Laws

- 2004: Breastfeeding in public; jury duty
- 2005: Resolution to support working breastfeeding mothers
- 2006: Workplace breastfeeding law
- 2010: National workplace breastfeeding law
- 2020: State agencies require paid break time to use designated lactation room
- 2020: State owned public buildings required to provide sanitary place to express or breastfeed at work (not a bathroom) with a chair, working surface, electrical outlet, shielded from view & free from intrusion
- 2021: Each school district shall provide lactating employees paid breaks and a private, secure and sanitary location (other than a toilet stall) to express milk or breastfeed her child.

National Law 2010 - Breaktime for Nursing Mothers

Employers shall provide reasonable breaktime and a private place for an employee to express breast milk for her nursing child for one year.

Oklahoma Law 2004 - Breastfeeding in Public & Jury Duty

Mothers have the right to breastfeed anywhere. They have a right to be excused from jury duty upon request.

Oklahoma Laws 2020 - Breaktime for State Employees

State agencies/state-owned public buildings shall provide workers paid breaks to express milk or breastfeed in a private, clean place with a locking door, chair, table/surface and electric outlet.

Oklahoma Law 2021 - Breaktime for Public School Employees

Public school teachers and employees are given paid, protected breaktime to pump. School districts shall make a reasonable effort to provide a private, secure and sanitary room where an employee can express milk or breastfeed.

Have you visited a public place that was breastfeeding friendly? We will send a thank you.

Do you work for a business that supports breastfeeding employees? We will send a thank you and can help them become recognized as a breastfeeding friendly employer.

Have you been asked to leave a public place or were not supported at work because of breastfeeding? We will reach out and encourage breastfeeding support with information about the laws.

Success Stories

Concern	Action	Response
Multiple moms were asked to cover up or leave a recreation /aquatic center.	Contacted HR & shared OK's 2004 law	HR responded immediately - would share law with staff
Nursing mom in shelter was asked to breastfeed discretely. Roommate was upset when mom breastfed in their room.	Contacted Director & shared situation	Nursing mom was moved to a room with a roommate who supported breastfeeding

Calls come from moms, families, and employers:

- Large cities and small towns
- Large & small businesses
- Employers still learning about the breastfeeding laws
- Schools

International Board Certified Lactation Consultant (IBCLC)
24 hours a day, 7 days a week, 365 days a year.

Text to opt-in and receive messages from the Hotline.
Staff reply to all non-urgent questions 7a -7p.
Urgent calls/texts are returned 24/7.
You may have to pay for texting from your cell service.

THE OKLAHOMA BREASTFEEDING HOTLINE IS AN OKLAHOMA BREASTFEEDING RESOURCE CENTER PROGRAM SUPPORTED BY THE MATERNAL AND CHILD HEALTH SERVICES TITLE V BLOCK GRANT AND THE OKLAHOMA STATE DEPARTMENT OF HEALTH (OSDH)

¿Tiene preguntas sobre la lactancia materna?

¡Comuníquese con la línea directa de lactancia materna de Oklahoma!

**Llame: 1-877-271-6455 (MILK)
Mande mensajes de Texto: OK2BF a 61222**

Para hablar (¡gratis!) a una Consultora en Lactancia
Certificada por la Junta Internacional (IBCLC)
24 horas al día, 7 días a la semana, 365 días al año.

Para recibir mensajes de la línea directa.
El personal responde a todas las preguntas no urgentes 7a -7p.
Las llamadas/mensajes de texto urgentes se devuelven 24/7.
Es posible que deba pagar por enviar mensajes de texto
desde su servicio celular.

LA LÍNEA DIRECTA DE LACTANCIA MATERNA DE OKLAHOMA ES UN PROGRAMA DEL CENTRO DE RECURSOS DE LACTANCIA MATERNA DE OKLAHOMA APOYADO POR LA SUBVENCIÓN EN BLOQUE DEL TÍTULO V DE LOS SERVICIOS DE SALUD MATERNA E INFANTIL Y EL DEPARTAMENTO DE SALUD DEL ESTADO DE OKLAHOMA

Pumping: Storage Guidelines

Human Milk Storage Guidelines

	Countertop or table	Refrigerator	Freezer with separate door
Storage Temperatures	77° F or colder (25° C)	40° F or colder (4° C)	0° F or colder (-18° C)
Freshly Pumped/ Expressed Human Milk	Up to 4 hours	Up to 4 days	Within 6 months is best, up to 12 months is acceptable
Thawed Human Milk	1-2 hours	Up to 1 day (24 hours)	Never refreeze human milk after it has been thawed

These guidelines are for healthy full-term babies and may vary for premature or sick babies. Check with your health care provider. Guidelines are for home use only and not for hospital use.

Application for Recognition Oklahoma Breastfeeding Friendly Worksite

Our worksite meets or exceeds the following minimum criteria required for recognition as an Oklahoma Breastfeeding Friendly Worksite (all criteria in this section must be checked).

- ☐ Flexible break times for expression of milk
- ☐ A comfortable location allowing privacy for pumping, other than a toilet stall
- ☐ Access to a nearby clean water source and a sink for washing hands and rinsing out any breast pump equipment
- ☐ Written policy supporting breastfeeding that includes the above minimum requirements and a description of how all staff are informed of this policy
(Please attach your written policy)

Additional options (3 necessary for designation as a Gold Star Employer – Please check all that apply)

- ☐ Access to a refrigerator for safe storage of milk
- ☐ Prenatal breastfeeding education
- ☐ Counseling by a lactation consultant as needed for employees to breastfeed successfully
- ☐ Referrals to public/private community resources for special situations
- ☐ Education for all employees on the benefits of breastfeeding and company services available to support breastfeeding employees
- ☐ Hospital-grade breast pump available for employee use
