WHAT'S NEW

DENTAL REVISIONS AND UPDATES

Medically Necessary Extractions Revisions:

- Limits dental services for adults to medically necessary extractions instead of emergency extractions.
- Adds definitions for medically necessary oral healthcare and medically necessary extractions.
- Effective Sept. 14, 2020.

DENTAL REVISIONS AND UPDATES

Mobile and Portable Dental Treatment Facilities:

- Establishes coverage and reimbursement for preventive dental services received through mobile and portable dental treatment facilities.
- Adds provider participation requirements pursuant to the Oklahoma State Dentistry Act and OHCA contracting requirements.
- Defines coverage and limitations for preventive dental services, billing requirements, basic consent form requirements, and follow-up care requirements.
- Effective Nov. 1, 2020.

DENTAL REVISIONS AND UPDATES

General Dental revisions:

- Caries Risk Assessment:
 - D0601, D0602, D0603 no longer require prior authorization beginning Dec. 1, 2020. Frequency limit 1/12 months.
- Pulp Vitality Tests:
 - D0460 must be billed with a tooth number instead of a quadrant beginning Dec. 1, 2020. Prior authorization is required for patients age 0-5.
- Single Bitewing X-ray:
 - D0270 no longer requires a prior authorization beginning Dec. 1, 2020. Frequency limits still apply 1/12 months.

DENTAL REVISIONS AND UPDATES

Orthodontic updates:

- Any dentist referring a member to an orthodontist for orthodontic treatment must be an OHCA contracted Medicaid provider.
- Any claim for completed orthodontic treatment that does not include an NPI number from an OHCA contracted Medicaid provider will be denied.

DENTAL REVISIONS AND UPDATES

Orthodontic updates:

- For cases in which a prior authorization was previously approved, and the referring dentist was never contracted with OHCA, or was initially contracted but is no longer contracted, the orthodontist providing services may use his or her own rendering provider NPI number to file those second and third-year claims. Finally, due to a lag time between the approval of the prior authorization and the submission of the claim, OHCA will allow the orthodontist providing services to use his or her NPI number on first-year claims that are prior to May 1, 2021.

DENTAL REVISIONS AND UPDATES

Prior Authorization Documentation Requirements:

- Endo Therapy Requests:
 - Providers must submit a member's oral hygiene history for prior authorizations that contain three or more endo requests.
- Crown Requests:
 - Oral hygiene records and/or Caries Risk Assessment are a part of the minimum documentation requirement for crown prior authorization requests.

DENTAL REVISIONS AND UPDATES

Added Codes:

- D7961 - (Buccal/Labial Frenectomy)
- D7962 - (Lingual Frenectomy)
- Please consult the ADA CDT Dental Procedure Codes manual for more information on these codes.

DENTAL REVISIONS AND UPDATES

Special Processed Claims:

- Beginning Nov. 2, 2020, special processed claims will be accepted through the OHCA secure provider portal using the HCA-17A function.
- Paper claims that require special processing will no longer be accepted as of Dec. 31, 2020.
- Effective Jan. 1, 2021, special processed claims must be submitted using the provider portal HCA-17A function.
- Special processed claims are reviewed on an individual basis and are not guaranteed payment.
- Supporting documentation is required for all special processed claims. This includes the HCA-17A form.
- Documentation must be uploaded. Faxed or mailed attachments for the HCA-17A process will not be accepted.
